

# HELPING HANDS

## MONKEY HELPERS

### WHY BECOME A SPONSOR?

Sponsoring the Helping Hands: Monkey Helpers event on March 25 is the perfect way to show your community that you care about helping people living with physical disabilities.

Currently, Helping Hands is supporting people through our Innovative Technologies Initiative. This initiative addresses both the present and future of assistive technology so that people living with disabilities can live independent lives, earn an income, and connect with others.

Helping Hands was the only organization in the world to raise and train capuchin monkeys to provide daily in-home assistance to people with mobility impairments. Now that laws have changed and our capuchin monkeys are not allowed to live with people in most states, many of our monkeys have returned to our Monkey Living Center, where we care for them in their post-service years.
